*Gog and Magog in the Quran* , Contemporary Qur'ānic Hermeneutics Georges Tamer, 2025-04-21 This project presents the hermeneutical approaches to the Qur'an of the most prominent Qur'anic scholars in Islamic intellectual history. Not only scholars who wrote commentaries on the Qur'an in the narrow sense of the word taf'sir are to be presented but also those who dealt hermeneutically with the Qur'an in various ways. The Handbook of Qur'anic Hermeneutics is the first book that discusses all the hermeneutical fields of the Qur'an. It will be published in seven volumes.

**The Metaphysics of World Order** Nicolas Laos, 2015-01-19 In this book Nicolas Laos studies the meaning of the terms world and order, the moral dimensions of each world order model and wider issues of meaning and interpretation generated by humanity's attempt to live in a meaningful world and to find the logos of the beings and things in the world. The aim of this book is to propose a unified theory of world order, i.e. a theory that combines philosophy, theology and political theory. In this context the author provides a thought provoking re-interpretation of classical philosophy placing particular emphasis on Platonism, an in-depth inquiry into medieval philosophy and spirituality placing particular emphasis on the cultural differences between the Greek East and the Latino-Frankish West and an intellectually challenging review and evaluation of modern Western philosophy including Descartes, Spinoza, Leibniz, Locke, Berkeley, Hume, Rousseau, Kant, Hegel, Kierkegaard, Husserl and Heidegger and of Nietzsche's and the postmodernists' revolt against modernity. He then elucidates the philosophical foundations and pedigree of each of the three basic political theories of modernity, i.e. Liberalism, Communism and Fascism, and he studies the basic theoretical debates in International Relations, Geopolitics and Noopolitics. Finally Laos proposes a new fourth political theory which he calls metaphysical republicanism.

**The Islamic State and the Muslims of Trinidad and Tobago in the 21st Century** Daurius Figueira, 2021-04-11 This work analyses 1 the discursive terrain of the Muslim community Ummah of Trinidad and Tobago from the Jihad of the Jamaat al Muslimeen on July 27th 1990 to 2015 with emphasis on the evolution of militant Islam in this period. 2 It deconstructs the discourse of the Islamic State constructed to motivate Muslims of the world especially of the West to migrate to undertake Hijrah to the Islamic State with emphasis on the discursive concepts of the Islamic Apocalypse, the Malahim Hijrah and Jihad is War. 3 It deconstructs the specific discourse of the Islamic State constituted for the Muslims of Trinidad and Tobago which reveals the importance of the Trinidad and Tobago contingent to the propaganda machinery of the Islamic State. 4 It deconstructs the discourse of the survivors which reveals the complex motivational structure that drove Muslims of Trinidad and Tobago to journey to the Islamic State. What is revealed is a power relation between the Muslims of Trinidad and Tobago who are a minority group of the population of Trinidad and Tobago, the kufir State of Trinidad and Tobago and the discourse of the Islamic State. The reality that the Trinidad and Tobago contingent to Islamic State was the largest per capita amongst Muslims that undertook Hijrah to the Islamic State speaks volumes to the susceptibility of the Muslim community to the call of the Islamic State. This work deconstructs the underlying reality that

ensured the virulence of the discourse of the Islamic State in its impact on Muslims of Trinidad and Tobago      *An Islamic View of the Return of Jesus ('Alaihi Al-salam)* ,      **Civilization in Overdrive** Konrad Stachnio,2020-11-15 Interesting interviews in this book about the future of the world including degov bitcoin crypto TIM DRAPER Venture capitalist A conversation that explores new frontiers of politics and technology as well as depicts the shadowland of our unfolding strange and ominous future as a species RICHARD FALK Public Intellectual CIVILIZATION IN OVERDRIVE Conversations on the Edge of the Human Future provides an astonishing tour of how the world s future looks to those likely to know the most about it Journalist Konrad Stachnio engages 17 experts global opinion leaders in their respective fields in discussions on artificial intelligence finance the economy technology world order the military cultural change and more His well researched and probing questions draw out striking revelations from his guests on where 21st century civilization is leading us raising further questions as to whether we want to go there and if that could be prevented This book is a plunge into the unexpected forcing us to bid farewell to our familiar yet increasingly complex world which is irrevocably disappearing before our eyes and morphing into dimensions even more complex and less comprehensible      **Jerusalem in the Qur'an** Imran N. Hosein,2016-07 Jerusalem in the Qur an is a great book that thrilled and delighted me in a number of ways I am surprised that such a meticulously documented book had to wait for such a long time before seeing the light It is now more than half a century since the Zionists began their appalling oppression and ethnic cleansing of the Palestinian people whose only offense is that they happened to live in a country considered by the Jews to be their promised Holy Land The Zionists have continuously referred to distorted scriptures from the Torah and other Biblical material to justify their atrocious behavior and to motivate the Jews to establish a State of Israel that extends from the Nile to the Euphrates with Jerusalem as its capital For example David Ben Gurion the first Prime Minister of Israel is quoted to have said The Bible is our deed to the land of Israel Muslim scholars on the other hand have largely failed in refuting Zionist claims from authenticated historical and religious sources and have also failed to accomplish their religious responsibility in clearly documenting this question from the Holy Qur an and the Blessed Ahadith of our beloved Prophet peace and blessings be upon him As far as I know whatever is written on this subject is rather superficial and emotionally tainted or simply stating facts in a cool manner May Allah Ta ala reward Brother Imran Hosein for writing this scholarly document which will indeed fill up this intellectual and religious gap and serve as an academic reference to Muslims in all parts of the world As I write this introduction this book that was published only this year is already being translated to Arabic and Bosnian In a short time it will be rendered into other European languages and to all the other tongues of the Islamic world It must be reported however that the importance of writing a book about the Holy Land in the Qur an have not escaped the vision of far sighted and creative Muslim thinkers such as Dr Kalim Siddiqui Founder President of the Muslim Institute for Research and Planning and Professor Shaheed Ismail Al Farouqi I am surprised at the vision of the former scholar who asked Imran Hosein to write this book as early as

1974 He urged him saying that Jerusalem is the key to understanding the historical process of the Middle East and the world at large Shaikh Imran successfully accomplished this task after 27 years Though seemingly late but it has come at the right time in which the whole world is being shocked by Jenin and what happened in Sabra and Shatila I am amazed by Imran's style of writing Though Jerusalem in the Qur'an is a meticulously written thesis combining religious and historical documents with recent political events and penetrating interpretations from the Qur'an and Hadith it runs like a story Once you begin reading it it is hard to stop This is the general quality of a novel The person would read it once and throw the book away but not that of a serious thought provoking dissertation like the book that Brother Shaikh Imran published It is a reference that one needs to keep and reread whenever the subject is to be researched I believe that this eloquence of the Shaikh must be the result of a natural gift that has interacted with his indefatigable work as a preacher and da'iyah and the Divine Blessings for his sincerity Finally in spite of the seemingly depressing situation of the Muslims in general and the Palestinians in particular reading the book would certainly give one a warm surge of optimism about our future a bright light that shines at the end of our long dark tunnel of history We are living at the end of time This is the age in which the prophesies of the Holy Qur'an and the Blessed Hadith are unfolding right before our very eyes to prove to humanity the truthfulness of our faith

**Radical Right Ideologies in the Age of Trump** Ronald Beiner, 2025-11-18 Radical Right Ideologies in the Age of Trump offers a series of sketches of what it means to live within a new Zeitgeist where ideas of the radical right are once again attractive to young minds The book first zeroes in on Nietzsche as a privileged philosophical source for the contemporary radical right as a kind of prophet of the ferocious rebellion against liberal democracy evident today It then explores this in more detail with a series of case studies of contemporary far right ideologues and activists including Steve Bannon Bronze Age Pervert Alexander Dugin Jason Jorjani and others This book will appeal to activists researchers and scholars with an interest in the contemporary radical right fascist intellectualism and anti democratic ideologies THE OTHER SIDE OF THINGS & THE STRUGGLE AND HOPE FOR A BETTER WORLD Van Hugo, 2024-11-11 I want my readers and audiences to know that this book is the rest of the last two books and also more about other subjects After the publishing of the last two books it has come to my attention that my work is not done because there are more situations that are going in Haiti and the world shortly after the fourth book was published I wish some of the information were available to me few months before I publish the fourth book to include them on the fourth book That is why the fifth book takes longer to publish due to some ongoing situation that is going in the world particularly in Haiti I know the title of the book may sound strange to some of you Do not let the title of the book fool you because there is more going in the book than the title itself I could not find any other title to give the fifth book because of the way it was design and write on a lot of subjects Each part or chapter stands individually but connect to each other to some degree You will find out for yourself while reading the book

**How the US Creates** Cynthia McKinney, 2018-09-09 Donald Trump's purported reference to Shithole Countries has

captured the outraged attention of the global community And while there is some dispute as to whether or not the President uttered those exact words what is not disputed is that the US President derided certain countries while discussing US immigration policy reform suggesting that the US should have more immigrants from countries like Norway How the US Creates Sh thole Countries seizes this unique moment of global focus on the world s most suffering countries to address some causative factors and the extent to which their lamentable state is not of their doing It questions the legitimacy means and ends of US interventions in their domestic affairs in pursuit of its interests which the US then regards as matters of national security And from there it proceeds to other questions Why and how does a country become a US target What socio economic political and military policies overt and covert does the US undertake to bring the victim country into line What are the results for the targeted countries For US citizens who have little idea what is going on but are footing the bill The seasoned analysts contributing to this book come from all walks of life and every shade of the political spectrum Some have held high positions in government or at the United Nations some taught or teach at prestigious universities some are in forced exile because of their political beliefs and the exercise of their Constitutional rights some have spent time in prison for acting on their beliefs one of them sacrificed the limbs on his body *Lucifer Unveiled* V. **Islam in New Zealand** Abdullah Drury, 2006      Transformation of the Muslim World in the 21st Century Muhammed

Hüseyin Mercan, 2016-03-08 In addition to the important breaking points of the last century such as the abolition of the Caliphate the World Wars the Cold War the collapse of the Soviet Union the Iranian Revolution and the foundation of a New World Order which directly affected Muslim societies the new conjuncture formed in the wake of the 9 11 attacks brought about various structural problems and changes in the Muslim world Political and economic developments in the last ten years in particular have brought many Muslim countries to the edge of crisis Along with political economic and social issues the fact that modernisation and secularisation have become dominant in Muslim societies shows that the outcomes of these changes are of great importance In this respect this book offers a significant contribution to debates on the processes of change and transformation in the Muslim world In addition to theoretical debates the main dynamics of political and social change in Muslim societies are discussed here using specific examples from each country As such this volume will provide the reader with a practical understanding of the historical turning points in the Muslim world over recent years      *Imam Al-Mahdi and the Return of the Islamic Caliphate* ,      *Unified World Islamic Calendar* , 2001 Contributed papers presented in a World Conference on International Islamic Calendar      Constantinople In The Qur'an Imran Hosein, 2020 In consequence of a mysterious decision taken by Mustafa Kamal s secular Republic of Turkey to not only change the city s name but to also take steps that eventually ensured that the name Constantinople would no longer be used this writer had to retrieve the name Constantinople from the museums of history in order for this book to be written Why did the secular Turkish leader change the name of the city Why did the name Constantinople have to suffer that mysterious fate This book brings clarity to that subject This writer is convinced that the mysterious disappearance of the name Constantinople from the modern day vocabulary and discourse is directly linked to the status and role of the city in both Islamic and Christian eschatology
