Prophecy and Politics in South African Pentecostalism Mookgo Solomon Kgatle, 2023-12-28 This book is an interdisciplinary study of the relationship between prophecy and politics in South African Pentecostalism The role and the power of prophecy in enhancing the presence of politicians in the church square are unpacked through historical examples as well as case studies of contemporary prophets Solomon Kgatle argues that the influence of prophecy in politics has the potential to weaken the prophetic voice of the church in general and the Pentecostal movement in particular He proposes a Pentecostal political theology of prophecy This theology is developed by taking into cognizance the theoretical and theological frameworks of prophetic imagination and pneumatological imagination In addition this theology seeks a balance between prophecy and power and prophecy and sovereignty

Pentecostalism and Cultism in South Africa Mookgo Solomon Kgatle, 2021-02-28 Pentecostalism is a growing movement in world Christianity However the growth of Pentecostalism in South Africa has faced some challenges including the abuse of religion by some prophets This book first names these prophets and the churches they lead in South Africa and then makes use of literary and media analysis to analyse the religious practices by the prophets in relation to cultism Additionally the book analyses the celebrity cult and how it helps promote the prophets in South Africa The purpose of this book is threefold First to draw parallels between the abuse

of religion and cultism Second to illustrate that it is cultic tendencies including the celebrity cult that has given rise to many prophets in South Africa Last to showcase that the challenge for many of these prophets is that the Pentecostal tradition is actually anti cultism and thus there is a need for them to rethink their cultic tendencies in order for them to be truly relevant in a South African context The Use and Abuse of the Spirit in Pentecostalism Mookgo S. Kgatle, Allan H.

Anderson, 2020-11-29 This book is a pneumatological reflection on the use and abuse of the Spirit in light of the abuse of religion within South African Pentecostalism Both emerging and well established scholars of South African Pentecostalism are brought together to reflect on pneumatology from various approaches which includes among others historical biblical migration commercialisation of religion discernment of spirits and human flourishing From a broader understanding of the function of the Holy Spirit in different streams of Pentecostalism the argument is that this function has changed with the emergence of the new Prophetic churches in South Africa This is a fascinating insight into one of the major emerging worldwide religious movements As such it will be of great interest to academics in Pentecostal Studies Christian Studies Theology and Religious Studies as well as African Studies and the Sociology of Religion *Invoking God* Mehr A.

Kalami, 2025-08-04 The main theme of this literary work examines avarice insatiable greed and abysmal voracity of those individuals who under the guise of serving God serve their own vested interest This documented book exposes such people who achieve almost everything to fill their coffers and to vent their hatred through deceit and the obfuscation of the public It is a known fact that the majority of the televangelists commenced life modestly most of them devoid of any academic erudition in theology but with some certification from unrecognized seminaries spread throughout the country wherever they reside What captivated my interest in writing this book is the unscrupulous methods that such people have employed to accumulate unjustified immense wealth and properties just through the art of obfuscation deceit and false promises of invoking God to heal the sick and dying for a fee a fee that would leave them unhealed and poverty stricken

Christological Paradigm Shifts in Prophetic Pentecostalism in South Africa Mookgo Solomon Kgatle, Marius Nel, Collum Banda, 2021-09-22 This book explores recent developments in South African Pentecostalism focusing on new prophetic churches The chapters engage with a number of paradigm shifts in Christology identified as complementing Christ competing with Christ removing Christ and replacing Christ What are the implications of these shifts Does it mean that believers no longer believe in Christ but in their leaders Does it shift believers faith towards materiality than the person of Christ This volume will be valuable for scholars of African Christianity and in particular those interested in the neo prophetic movement and Christology in a South African context **Africa Bears Witness** Harvey Kwiyan, 2024-02-29 This remarkable collection of essays explores the role of African Christianity in God's mission around the world Featuring the contributions of African scholars and mission practitioners from throughout sub Saharan Africa and the diaspora including both men and women veteran scholars and fresh new voices this volume provides a diverse perspective on missiology as

understood and practised by African Christians Engaging such wide ranging topics as gender violence globalization Westernization peacebuilding development Pentecostalism urban missiology theological education and African Christianity in Europe this volume ambitiously bridges the gap between academic and practitioner perspectives engaging both theological discourse and the hands on reality of how God s mission is taking shape in Africa and beyond This book offers an empowering look at the work God is accomplishing in and through the African church

Commercialisation of Religion in South Africa Mookgo Solomon Kgatle, Jonas Sello Thinane, Chammah J. Kaunda, 2023-11-22 Aspects of the 2017 Final Report of the South African Commission on the Promotion and Protection of the Rights of Cultural Religious and Linguistic Communities CRL have drawn strong criticism particularly from South African scholars politicians and the public The criticism is largely regarding the constitutionality of its recommendation which calls for regulation of the Religion to combat its abuse and commercialization Scholars have criticized the CRL Rights Commission for hastening its investigation and releasing the final report without having a substantive understanding of what is meant by the commercialization of religion and consequently the unconstitutional implications of the recommendation to regulate religion A close reading of this critique has pointed to the urgent need to assemble a cumulative body of research that examines and advances understanding of what is meant by the commercialization of religion Accordingly this book gathers scholarly contributions which offer valuable insights into the basics of what is meant by the commercialization of religion Contributors examine this phenomenon from the historical roots to the manifestation in the contemporary world particularly in South Africa

Public Righteousness Abimbola A. Adelakun, 2023-05-25 Public Righteousness The Performative Ethics of Human Flourishing is driven by the idea that part of what manifests as a disorderly display of virtue in public culture is underlined by the desire to see a more righteous society and an expression of the will to enact such an ideal world into reality This book re structures the ferment of such public displays and fashions an ethic that overturns the ostentatious signals of self righteousness and the fierce contest of animating visions This book engages the work of social ethicist Nimi Wariboko to explore an idea of public righteousness In place of smug superiority and phony pieties the performative ethics that inaugurate this public righteousness offer an intellectual and moral competence that establishes rectitude and culminates in human flourishing

Olupona,2025 What is the impact of Evangelical Christianity on Africa Evangelical Christianity and the Transformation of Africa will answer this question Evangelical Christianity is manifesting into a strong presence in African states perhaps more than in any other place

in the world Given its exponential rise in Africa it is increasingly clear that Christianity in its evangelical form is exercising significant influence in virtually all spheres of life defining the essence of public and private life Drawing on original works from leading scholars in humanities and social science disciplines such as Afe Adogame Yolanda Covington Ward Jacob Olupona Derek Peterson Shobana Shankar and Nimi Wariboko this volume endeavors to produce a comprehensive study of Evangelical Christianity in Africa paying careful attention to disciplinary interconnections as well as social cultural political and economic forces Among other subjects essays in this volume address examples of evangelical subjectivity and identity formation against the current political backdrops of Nigeria Kenya the Democratic Republic of Congo and other nations While the book works to convey the core elements of the evangelical movement across the African continent it recognizes the importance of its diverse manifestations giving additional focus to Pentecostal groups and their distinct social cultural and political engagements At the same time it works to correct the unwarranted saturation of attention given to Pentecostal Charismatic movements in recent scholarship and expands the study of evangelicalism in Africa into the sphere of mainline churches and extra ecclesial organizations Authors also reflect on the ways that the African diaspora and transnational ties contribute to the make up of contemporary African evangelicalism In short this edited volume examines how the centrality of religion in African affairs political economic cultural ideological domains has contributed to turning Evangelical Christianity into the official face of the Christian Church in Africa today

Religion and Inequality in Africa Ezra Chitando, Loreen Maseno, Joram Tarusarira, 2023-01-12 This volume reveals how religion interfaces with inequality in different African contexts Some contributors undertake detailed analyses of how religion creates and justifies different forms of inequality that holds back individuals groups and communities across the continent from flourishing while others show how religion can also mitigate inequality in Africa Topics addressed include gender inequality economic inequality disability ageism and religious homophobia Specifically focusing on the United Nations Sustainable Development Goal 10 to reduce inequality within and among countries this book highlights the extent to which Africa's notoriously religious identity needs to be taken into account in discourses on development

Peace, Politics, and Religion Jeffrey Haynes, 2020-12-14 Relationships between peace politics and religion are often controversial and sometimes problematic Religion is a core source of identity for billions of people around the world and it is hardly surprising that sometimes it becomes involved in conflicts At the same time we can see religion involved not only in conflict It is also central to conflict resolution peace making and peacebuilding Religious involvement is often necessary to try to end hatred and differences frequently central to political conflicts especially but not only in the Global South Evidence shows that religious leaders and faith based organisations can play constructive roles in helping to end violence and in some cases build peace via early warnings of conflict good offices once conflict has erupted as well as advocacy mediation and reconciliation The chapters of this book highlight that religion can encourage both conflict and peace through the activities of people individually and collectively imbued with religious ideas and ideals

Radio,

Public Life and Citizen Deliberation in South Africa Sarah Chiumbu, Gilbert Motsaathebe, 2021-05-24 This book critically analyses the important role of radio in public life in post apartheid South Africa As the most widespread and popular form of communication in the country radio occupies an essential space in the deliberation and the construction of public opinion in South Africa From just a few state controlled stations during the apartheid era there are now more than 100 radio stations reaching vast swathes of the population and providing an important space for citizens to air their views and take part in significant socio economic and political issues of the country The various contributors to this book demonstrate that whilst print and television media often serve elite interests and audiences the low cost and flexibility of radio has helped it to create a common space for national dialogue and deliberation The book also investigates the ways in which digital technologies have enhanced the consumption of radio and produced a sense of imagined community for citizens including those in marginalised communities and rural areas This book will be of interest to researchers with an interest in media politics and culture in South Africa specifically as well as those with an interest in broadcast media more generally

To Another Level Sherry Majette, 2021-11-05 During my new beginning and walk with the Lord I have received a second chance for my life to make things right The cover design depicts one of the many visions given to me As you look at the cover of this book you are looking at a stairway leading up to the light at the end of the tunnel When I heard a voice say to me Look to your right See those steps over there I want you to start walking up there to that light before you until you reach the top I agreed As I started on my journey it became the longest walk of my life The steps were long but narrow At one point about midway there were a lot of distractions and people traveling the same path There were moments of gray with limited light to darkness and tunnels of blackness of uncertainty of where I was and being alone becoming fearful but I kept walking Then I came to a crossroad with only a right and left turn and there was a light People began to take those left and right turns but I heard the Lord say No do not turn to your right nor to your left keep walking to the light before you It was a long hard journey to get there but when I arrived at the door the

light was even brighter I turned to look behind me and saw that I was alone Everyone else took the shortcut to a different destination Listen and follow that small still voice when you hear it it s the Holy Spirit speaking to you
