The Oxford Handbook of Caribbean Religions Michelle A. Gonzalez, Michelle Gonzalez Maldonado, 2024 The Oxford Handbook of Caribbean Religions offers a comprehensive overview of Caribbean religions The Caribbean is a microcosm of the world's religions but the small geographic space resulted in the encounter of global religions and indigenous religious practices The racial ethnic and cultural diversity of this region makes brief introductions to Caribbean religions incapable of truly addressing its complex and diverse religious landscape The Handbook also elaborates on the diversity of the religious traditions and the national particularity of the region while also considering multiple geographic settings It mentions how often Caribbean religion is studied through the perspective of a discrete religious tradition or geographic setting *An Indelible History* Alejandro Casas, 2025-05-08 For centuries the religious landscape of the Caribbean has been examined through the lens of African and European influences often overlooking the full extent of the enduring contributions made by

Excited Delirium Aisha M. Beliso-De Jesús, 2024-06-24 In 1980 Charles Wetli a Miami based medical examiner and self proclaimed cult expert of Afro Caribbean religions identified what he called excited delirium syndrome Soon medical examiners began using the syndrome regularly to describe the deaths of Black men and women during interactions with police Police and medical examiners claimed that Black people with so called excited delirium exhibited superhuman strength induced from narcotics abuse It was fatal heart failure that killed them examiners said not forceful police restraints In *Excited Delirium* Aisha M Beliso De Jes s examines this fabricated medical diagnosis and its use to justify and erase police violence against Black and Brown communities Exposing excited delirium syndrome's flawed diagnostic criteria she outlines its inextricable ties to the criminalization of Afro Latin religions Beliso De Jes s demonstrates that it is yet a further example of the systemic racism that pervades law enforcement in which the culpability for state violence is shifted from the state onto its victims In so doing she furthers understanding of the complex layers of medicalized state sanctioned violence against people of color in the United States
