The Neoliberal Self in Bollywood Namrata Rele Sathe, 2024-02-21 This book explores the consequences of unbridled expansion of neoliberal values within India through the lens of popular film and culture. The focus of the book is the neoliberal self which far from being a stable marker of urban liberal millennial Indian identity has a schizophrenic quality one that is replete with contradictions and oppositions unable to sustain the weight of its own need for self promotion optimism and belief in a narrative of progress and prosperity that has marked mainstream cultural discourse in India. The unstable and schizophrenic neoliberal identity that is the concern of this book however belies this narrative and lays bare the sense of precarity and inherent inequality that neoliberal regimes confer upon their subjects. The analysis is explicitly political and draws upon theories of feminist media studies popular culture analyses and film studies to critique mainstream Hindi cinema texts produced in the last two decades. Rele Sathe also examines a variety of other peripheral texts in her analysis such as the film star the urban space web series YouTube videos and social media content. *South Asian Cultural Studies*, 2008
