The Fragmentation and Solidity of Islamic Parties in Indonesia Firman Noor, 2025-04-17 This book delves into

the background of fragmentation and solidity of Indonesia's Islamic parties By examining the National Awakening Party PKB and the Prosperous Justice Party PKS as a research subject this book exhibits the critical nature of a party's internal institutionalization both in fragmentation and solidity In addition this book challenges popular perceptions that individuals or actors are the primaries if not the only factors that impede or promote a party's unity In short this book explores and scrutinizes the many aspects and reasons for the division and cohesion of Islamic political parties concerning the presence of a party institutionalization throughout the first decade of the Reform Era 1998-2008 The book gives the readers insights and understandings into the dynamics of Islamic parties in Indonesia's contemporary politics and contains numerous interesting facts and studies The first set of sections discuss the causes behind Islamic parties' inability to maintain the integrity and internal cohesion and the impacts of consistency in upholding the party's constitution and procedures that ensure a high degree of trust in the party The second explores the effect of the presence of competent and institutionalized conflict mechanisms on the stirring of an internal sense of justice The next set of chapters investigate the influence of systematic cadreization on the development of esprit de corps in which accomplishments rather than likes or dislikes define a cadre's position and finally the effect of commitment to the party's shared values or agreed upon ideology on putting the party's interests first is examined This is a must-read book for undergraduate students, lecturers, researchers of politics and religion, Islamic studies, political science, political sociology and Asian studies
