wildly successful young entrepreneur Cameron Johnson shows you don't have to live that way. We've entered a new age of entrepreneurship with the Web making it easier than ever to start and run your own company. As Johnson's remarkable story reveals, the entrepreneurial way of life is a great way to make sure you love what you do and it offers the potential to achieve extraordinary success by following your gut instincts and going for what you really want. What about the risks? Don't you need lots of money? Don't most start-ups fail? Johnson shares his essential secrets to entrepreneurial success that show you how he got into the life at very low risk and with very little money took an idea that excited him and ran with it, achieving great success and satisfaction with businesses he loved. He didn't have an MBA; he didn't even have a college degree. But he had learned the simple yet vital secrets he reveals. Cameron Johnson is a seriously happy entrepreneur who started his first business when he was nine with 50¢ and a home computer. Before he'd turned twenty-one, he'd started twelve successful businesses and was offered 10 million in venture capital to grow his hot Web company CertificateSwap.com, praised by Entrepreneur magazine as one of the Web businesses helping the tech industry get its groove back, even bigger. He has never taken out a loan or racked up any debt, and every one of his businesses has been highly profitable, so profitable that he made his first million before graduating from high school and he's put away enough cash so that he could retire today. But that's the last thing on earth he'd want to do; he's much too happy starting up new companies. Through the story of his own impressive career so far in *You Call the Shots*, Johnson takes you behind the scenes of entrepreneurial success and empowers you to hit the ground running with your own great business idea, no matter how young you are or how little money you have to invest.

Raising Hell, Living Well Jessica Elefante, 2023-10-10. Part cultural criticism, part rueful confessional, a reformed brand strategist brings to light the impact of influence on us and our society and offers an escape in this ironically persuasive case for not being so easily influenced anymore. A weirdly practical approach to some ancient questions that have become trickier lately. Jaron Lanier, bestselling author of *Ten Arguments for Deleting Your Social Media Accounts Right Now*. We live in a world that is under the influence. Our lives are being choreographed by forces that want something from us. Everything from ingrained family values to mind-altering algorithms create our foundations, warp how we see the world, manipulate our decisions, and dictate our beliefs. Yet rarely do we question these everyday influences of our modern times, even as we go further down the path of unwell, unhappy, and unhinged. A high-spirited exploration through the troublesome influences of our world. *Raising Hell, Living Well*. Jessica Elefante's eye-opening debut follows one bullshit artist's journey from small-time salesperson to award-winning corporate strategist to founder of the digital wellbeing movement *Folk Rebellion* in coming to terms with how she was wielding influence and the forces she was under herself. With whip-smart writing and wry humor, Elefante's collection of essays is a head trip through her misadventures. From explaining productivity as a symptom of the influence of capitalism to how the wellness industry makes us feel more unwell or our unquestioning participation in oversharing, optimization, and instant gratification, she invites us to reexamine our world, our pasts, and ourselves through the

lens of influence Now a reformed brand strategist Elefante lays bare her own culpability sharing what she learned and what she got wrong She offers a new take on intentional living and provides a simple practice to deconstruct how the powers that be are attempting to modify our behaviors Before you know it you ll be questioning everything from how you take your coffee to how our social institutions are structured And you ll learn how to live free from the influences around us including Elefante herself The much needed subversive voice to demystify these times Elefante will make you angry make you laugh and make you think about how you re really living Unpretentious sharply observed and devil hearted Raising Hell Living Well holds out a hand to help you climb out from under the influence
