Servants And Friends A Biblical Theology Of Leadership:

Servants & Friends Skip Bell, 2014 Servants of the Servant Don N. Howell Jr., 2003-11-14 Leadership is a subject that has gained impressive visibility in the past two decades The number of books monographs and articles as well as seminars devoted to the development of one's leadership skills has been almost exponential growth This study is an attempt to forge a full orbed theology of Christian leadership grounded in the teaching of Scripture What emerges from tracing the theme of leadership through the biblical record is a servanthood pattern one that is wholly distinct from prevailing secular models Our exposition begins with the biblical language of the servant the term of choice for those great leaders used of God to further his saving purposes in the world Eleven Old Testament and five New Testament leaders are profiled The portrait of Jesus Christ focuses on three motifs that governed his training of the twelve for kingdom ministry The Pauline letters are mined for those convictions that governed Paul's practice of leadership both of his mission team and of the faith communities that emerged from that mission The treatment of each leader from Joseph to Paul begins with a series of preliminary questions and concludes with a mini profile that correlates the biblical data with these questions The final chapter offers a summary profile of the servant leader one whose character motives and agenda align with the divine purposes Though designed as a textbook for upper level college and seminary courses on leadership the book's readable format is ideal for churches and parachurch organizations in their leadership training programs The author's prayer is that this work will serve as a catalyst to call God's people back to Scripture and thereby raise up a whole new generation of authentic servant leaders

Biblical Servant Leadership Steven Crowther, 2018-06-13 This book explores the concepts from Scripture for Servant leadership and compare these findings with contemporary models of servant leadership It is an examination of Christian leadership for the contemporary world in its global and increasing secular context Leadership studies typically view leadership externally from the results This is a good beginning but leadership needs to also view the inside of leadership in the person of the leader Scripture is uniquely qualified in this area since its first concern is the person who leads not just in leadership behaviors The author uses examples from both the Old and New Testament to establish a new shepherd model of leadership that moves beyond the servant mode to the mode of caring direction This model will provide scholars and researchers as well as leaders themselves with a way of leading that overcomes negative forms of leadership which lead to failure The Kenotic Organization Brian E. Ruffner, 2023-01-25 Although organizations frequently proclaim the desire for change renewal and transformation few ever fully embrace those ideas failing to rise above more than mere mediocrity and never realizing even a fraction of their true potential Certainly many pontificate on the nature of organizations as they live and breathe so to speak yet few question how the organization ought to be This ought belies the existential and ethical dimensions of organizing and as such points to a discipline not often associated with the organizational realm theology To this end the concept of the kenotic organization offers a much needed antidote to the syndrome described above Drawing on

the divine Trinitarian kenosis observed in the creation event and witnessed in the Incarnation the simultaneous actions of self limiting and pouring out inform the organizational cause and expose a deeply entangled organizational mesh enveloping the entire cosmos which can serve as a catalyst to excite preferred organizational behaviors It is in fact the humility of Trinitarian kenosis the willingness to withdraw but also at once pour out the individual essence that generates the thrust necessary to escape the gravitational pull of convention which typically inhibits organizational flourishing

Biblical Theology for Ethical Leadership Aaron Perry, 2018-03-21 This book argues that ethical leadership without a theological foundation is lacking a firm foundation It begins with a critical assessment of ethical leadership as a leadership theory showing how ethics and theology became separated creating the space for ethical leadership outside of theology Nevertheless the author argues that ethical leadership without a biblical basis is weak though one need not be religious to embrace the leadership principles of biblical theology Unfolding Christology anthropology eschatology and contextualized leadership as four key aspects of biblical theology for ethical leadership this book will appeal to those studying leadership business innovation and entrepreneurship

Servants and Fools Arthur Boers, 2015-10-20 Leadership is a much discussed topic What does it actually mean for us as Christians Does Christian leadership have its own distinctive shape and character In *Servants and Fools A Biblical Theology of Leadership* Arthur Boers examines Jesus's pattern of leadership Boers shows how this pattern is rooted in service and sacrifice is cautious about power and hierarchies and prioritizes the vulnerable In other words it often reverses what we expect of leadership and is different from what we read in most leadership literature *Servants and Fools* is a unique resource for students and practitioners across denominations It offers a foundational perspective on leadership and guidance for practical application in the reader's daily life and ministry Arthur Boers has at last written the book we have sorely needed a book that is destined to become the main text in my seminary courses in church leadership a book that is sure to be enthusiastically received by thousands of contemporary Christian leaders Boers energetically underscores the joyful peculiarity of specifically Christian leadership His book is unique a biblically based Christologically grounded defense of leadership in the name of Christ Will Willimon Professor of the Practice of Christian Ministry Duke Divinity School United Methodist Bishop retired and author of *Pastor The Theology and Practice of Ordained Leadership* *Servants and Fools* is a brilliant and essential contribution to any serious study of leadership Robust faithful insightful biblical teaching A judicious knowledgeable harvest of the best contributions from leadership theorists and practitioners Plus humor in the trenches experiences and practical applications I cannot imagine ever teaching another class on leadership without assigning and discussing Arthur Boers's book David W Gill Mockler Phillips Professor of Workplace Theology Ethics Gordon-Conwell Theological Seminary In *Servants and Fools A Biblical Theology of Leadership* Arthur Boers deconstructs the contemporary cult of leadership and serves up a refreshingly Biblical alternative It is a great cautionary tale for today's churches seminaries and Christian nonprofits At the same time it offers great insight for secular organizations

Charismatic Leadership and Missional Change Craig S. Hendrickson,2020-03-16 Too often the solution sought by many struggling churches is to make the homerun hire to find the charismatic leader who will take them to the promised land of growth and vibrant ministry While this strategy occasionally pays off it has overwhelmingly failed as seen in the hundreds of churches across the United States that close their doors annually Is it possible that there is another way forward for those seeking to lead local congregations into missionally vibrant ministry especially those located in multiethnic urban areas In *Charismatic Leadership and Missional Change* one church's journey from a struggling primarily Anglo congregation of less than 100 members to becoming a missionally vibrant multiethnic church of more than 700 attendees with no clear ethnic majority documented The charismatic leadership style that drove this change is discussed and critiqued as well as the adaptive challenges that have arisen in the church because of it An alternative approach interpretive leadership is proposed as a different pathway forward in response

to these challenges The result the author suggests will be to empower the diverse everyday people of God to participate in God s mission in exciting and surprising new ways

Leadership Mosaic Daniel Montgomery,Jared Kennedy,2016-10-13 There s a leadership crisis in the church Every leadership model claims to have all the answers to the challenges of leadership Each perspective emphasizes certain qualities and we search desperately for answers in the absence of clear direction But there s no simple leadership formula that meets every need we have in life and ministry Challenging the conventional wisdom about what makes for a good leader Daniel Montgomery calls us to a countercultural perspective on leadership rooted in our Creator He presents a new framework for leadership not just a beckoning to further pragmatism relentless productivity or a reactionary cultural fad He helps us see leadership as a mosaic of five characteristics conviction creativity courage collaboration and contemplation reflective of the very image of the triune God Armed with this perspective we will be able to see strive after and celebrate the great and complex vision of leadership God has called us to for the flourishing of our homes churches and workplaces

Seeking the Lost, Keeping Them, Making Them Disciples Dr. Benoit Petit-Homme,2018-08-27 Seeking the Lost Keeping Them Making Them Disciples By Dr Benoit Petit Homme God bless Dr Benoit Petit Homme for all the work he has done in putting this book together I believe that any church or leader who will follow these biblically grounded principles will see beautiful results in changed lives for the kingdom Teresa L Reeve PhD Associate Dean Seventh day Adventist Theological Seminary Associate Professor of New Testament Contexts Andrews University United States of

America Dr Benoit Petit Homme's contribution to the discipleship crisis is a compelling re-examination of scripture, church history and 21st century pastoral experience. Practical and convincing, his straightforward style brings real solutions to the evangelistic Achilles heels of attrition. He reminds us of what has been forgotten and calls us back to our relational roots. Pr. Ron Kelly, Senior Pastor, Village Seventh-day Adventist Church, Berrien Springs, Michigan, United States of America.

Seeking the Lost: Keeping Them, Making Them Disciples by Dr Benoit Petit Homme is a handy Christ-based discipleship resource that will contribute to the mission of training and equipping church ministry leaders in the evangelistic work of reaping, retaining and nurturing new believing Christians. This is a must-read for church officers, pastors and ministry directors in the Christian church.

Ron C. Smith, PhD, D. Min, President, Southern Union Conference of SDA. Every year, many thousands of people hear the Good News of Jesus Christ and choose to be baptized and join a church community. Unfortunately, it is also true that every year, many new converts leave a church relatively shortly after joining. The specific reasons that each person leaves the church could fill a book by themselves, but they all boil down to one thing: a lack of focus on the part of the church community on turning converts into disciples of our Savior. A disciple of Christ does more than attend church services. A disciple is an active member of the church community. A disciple is a witness to others. A disciple seeks to grow the church by seeking to lead everyone they meet to Christ.

Dr Benoit Petit Homme is a committed disciple of Christ and, after extensive study of exactly why new converts leave the church, he has developed a process by which any church can make disciples. All it takes is a little extra work, a bit of encouragement and an unwavering faith in the Lord.

Leadership Training in the Hands of the Church Joseph Nehemiah, 2020-12-31. The church is a contextualized reality and if it is to flourish, its leaders must be raised up to serve their own communities. Yet our very techniques for teaching and learning are culturally defined. If the church is to be effective in developing the leaders, its approach to training must be informed by its local context. In this immensely practical text, Joseph Nehemiah combines sound pedagogical research with rich cultural insight to provide a framework for training leaders in an Arab context. Examining principles of adult education in light of Arab cultural dynamics, Nehemiah offers a paradigm for experiential learning that is biblically rooted and contextually appropriate. Informed by the experience of professors in the Arab Gulf, along with extensive interviews from local church leaders, Leadership Training in the Hands of the Church seeks to place the development, teaching and training of leaders into the hands of the local church.
