Development As Freedom Pdf:

Development as Freedom Amartya Sen, 2001-01-19 In *Development as Freedom* Amartya Sen explains how in a world of unprecedented increase in overall opulence millions of people living in the Third World are still unfree Even if they are not technically slaves they are denied elementary freedoms and remain imprisoned in one way or another by economic poverty social deprivation political tyranny or cultural authoritarianism The main purpose of development is to spread freedom and its thousand charms to the unfree citizens Freedom Sen persuasively argues is at once the ultimate goal of social and economic arrangements and the most efficient means of realizing general welfare Social institutions like markets political parties legislatures the judiciary and the media contribute to development by enhancing individual freedom and are in turn sustained by social values Values institutions development and freedom are all closely interrelated and Sen links them together in an elegant analytical framework By asking What is the relation between our collective economic wealth and our individual ability to live as we would like and by incorporating individual freedom as a social commitment into his analysis Sen allows economics once again as it did in the time of Adam Smith to address the social basis of individual well being and freedom

The Vision of Catholic Social Thought Meghan J. Clark, 2014-04-01 *The Vision of Catholic Social Thought* traces the emergence of solidarity and human rights as critical theological and philosophical pillars of the anthropology and ethics foundational to the development of Catholic social teaching Meghan J Clark argues that the integration of human rights and the virtue of solidarity at the root of the Catholic social tradition are the unique contributions Catholic thought makes to contemporary debates in ethics political and philosophical theory Building upon the historical framework of the development of Catholic social thought drawing deeply from the papal encyclical tradition and the theological and ethical developments of Vatican II Clark forwards a constructive vision of virtue and social practice applying this critical question of human rights on the international stage

Citizenship as a Challenge, 2021-11-29 Citizenship is one of the most important legacies of human development It raises the human status from a biological condition into a cultural moral political and rationalistic one It is a constantly evolving process which at each new turn adds complexity to human existence After the breakthroughs of the eighteenth century with the first steps in recognition of civil and political rights and of the twentieth century with the advancement of social rights and the emergence of cultural and environmental rights one could conclude that the twenty first century would see an enlargement of citizenship ideas and ideals Has this indeed happened Where are we now when it comes to identifying ourselves as citizens Varying across several disciplines this volume addresses the complexities of citizenship and our attempts to make sense of them

Starvation as a Weapon Simone Hutter, 2015-09-29 In Starvation as a Weapon Simone Hutter explores within the framework of international law the legality of using deliberate starvation as a means to an end A close look at modern famine shows that in many cases food scarcity is not the product of coincidence but a side effect or result of a deliberate strategy Starvation is an efficient instrument when used to exert pressure and power in times of war and peace Simone Hutter demonstrates how

international human rights law and international humanitarian law prevent deliberate starvation as a means of achieving political goals She focuses on highly divisive and under discussed instances in which states deploy deliberate starvation domestically i e within the state s own national territory *When Misfortune Becomes Injustice* Alicia Ely Yamin,2023-07-04 When Misfortune Becomes Injustice surveys the progress and challenges in deploying human rights to advance health and social equality over recent decades Alicia Ely Yamin weaves together theory and firsthand experience in a compelling narrative of how evolving legal norms empirical knowledge and development paradigms have interacted in the realization of health rights and challenges us to consider why these advances have failed to produce greater equality within and between nations In this revised and expanded second edition Yamin incorporates crucial lessons learned about the state of global health equity and public health systems during the COVID 19 pandemic demonstrating just how incompatible the current institutionalized world order based on neoliberal financialized capitalism is with one in which the rights of diverse people around the globe can be realized COVID 19 struck a world that had been shaped by decades of disinvestment in public health health systems and social protection as well as privatization of wealth and gaping social inequalities within and between countries and the evident crisis of confidence in the capacity of democratic political institutions and global governance was deepened by the pandemic Yamin argues that transformative human rights praxis in health calls for addressing issues of structural inequality and political economy and working across disciplinary silos through networks and social movements
