

Mastering Copperplate Calligraphy A Step-by-Step Manual

ELEANOR WINTERS

S

The 'S' in Figures 1, 2, and 3 are variations on the standard 'S'. Each is connected to the previous letter. Figure 4 can be made as a single letter.

Figure 1 is connected to the letters of the diagram in Figure 2, so that the only one whose letters carrying the signature.

The difference of a loop in the first line leads to number 2 which the variation seems easier than the others. This is also a new letter form.

Figure 3, like the first in Figure 1, is a loop in the second line of the letter.

O

Each of these 'O's is made as a single letter. Figure 2 is part of the same family as the 'S' in Fig. 2 (p. 145) and the 'C' in Figure 3 (p. 157).

Figure 3 is Figure 1 and it can be connected to the letter following a new loop like in Figure 1 because the loop is in a single line.

Figure 4 begins with the loop in number 1 of the standard 'O'. This variation might be considered a letter movement.

P

Many of the variations on the 'P' are the same as those of the 'S'. The one on the right has two differences.

The first number of Figure 1 is a loop with a leg coming from the right, if the loop is not made enough, there isn't the sufficient space for the second stroke.
