Diagnostic Bacteriology Protocols Jenny Howard, David M. Whitcombe, 2008-02-03 Enhanced public awareness of microbiological issues and increased governmental regulation have ensured that microbiology and bacteriology remain important from the academic laboratory to a broad range of industrial environments Since the techniques used in bacteriology vary widely and have advanced rapidly of late it has become increasingly desirable to gather a collection of up to date protocols from a comprehensive range of disciplines into a single volume *Diagnostic Bacteriology Protocols* thus aims to provide a wide variety of up to date protocols for the identification and differentiation of bacteria from pure or mixed cultures and for the study of bacteria at the genus through to subspecies levels In addition we aim to provide methods covering a range of complexities some requiring little or no special equipment others exploiting recent advances in sophisticated instrumentation or novel nucleic acid based technology We also present techniques to study a variety of aspects of bacteria from the features of whole cells and their growth through their enzyme activities and structural components to nucleic acid based analysis

Reminiscences Ben Ofungwu Sr., 2023-05-01

Reminiscences chronicles life in colonial and early postcolonial Nigeria delving into the trauma and vicissitudes of a young man. It is a story that emphasises the need for quality education and training preparatory for adult life and the emergence of a mature mind willing to take on family responsibilities bequeathed to him. There is the usual executive warfare that is quite common in most local and international organisations and the triumph thereof. The story of ISN Products Nigeria Ltd is one of hope and tenacity in building a new organisation. ISN is today a market leader in the medical diagnostic products marketing and distribution and has now passed to the next generation. There is a lesson on the spiritual aspect of business. We must accept that we just cannot achieve success doing it alone all by ourselves. We always need help from above and should continuously ask for it.
