Waldo Emerson Kurt Vonnegut e e cummings Robert Fulghum Beatrix Potter and others *Outgrowing Cultic Christianity* Robert P. Vande Kappelle,2021-04-27 We live in a time of religious warfare not just between different religions but also between those with differing versions of the same faith This religious distrust and political conflict may be the worst in American history since the Civil War Speaking as a progressive conservative biblical scholar Robert Vande Kappelle uses a four stage model of faith development to rethink core Christian doctrines Starting with current events and a discussion on the role of religion this book examines how inadequate faith development makes people of faith susceptible to misinformation conspiracy thinking and even to cultic mindsets People of faith do not choose to believe a lie they all want to believe what is true Hence it is surprising that in the realm of religion so many people are willing to rely upon untested and even highly disputed beliefs beliefs most received as children Unfortunately many of these teachings are based upon ancient hopes and fears rather than upon factual historical information Taken literally dualistic teachings concerning heaven and hell sin and salvation good and evil and apocalyptic beliefs such as the end times and the imminent return of Christ to earth are questionable not only because they are beyond historical and scientific verification but also because they can be misused by authoritarian leaders to control and mislead devout individuals Thankfully there is a way to outgrow cultic Christianity The path to spiritual maturity comes by restoring the role of religion a form of spirituality discovered not by addition but by a process of subtraction Outgrowing Cultic Christianity is useful for individual or group study Each chapter concludes with questions suitable for discussion or reflection *Heart to Heart--The Journey Outward* Robert P. Vande Kappelle,2023-01-20

Whether religiously theists atheists agnostics or simply seekers each of us is on a journey of faith spiraling through stages

seasons or phases of spirituality On this journey we discover that spirituality is more caught than taught and that faith enriched more by subtraction than by addition is more about unlearning than learning At the center of Jesus life and message stands the exhortation to receive and share divine love The two volumes of Heart to Heart excerpted from Dr Vande Kappelle s published writings examine the meaning and implications of the biblical Great Commandment to love God and others as oneself Whereas the first volume examines the spiritual journey inward this companion volume examines the journey outward Ultimately there is only one spiritual journey the journey Godward and there is only one commandment Divine love is the key to everything Unloved people misbehave fail to love or fail to change Loved people aren t concerned with rules regulations or beliefs Rather because they are loved they take proper care of themselves and in so doing care for nature and others as extensions of themselves Heart to Heart is written for those who affirm the value of lifelong spiritual growth realize the limits of logic and embrace the paradoxes in life If you are willing to commit less than ten minutes a day over a seven month period you will undertake a spiritual journey of epic proportions guaranteed to transform you morally and spiritually In addition you will come to embrace Christianity as the transformative movement envisioned by Jesus for humanity a way of life grounded in compassion justice service humility and love of others A Field Guide for Science Writers Deborah Blum, Mary
