The Poetry of Raymond Carver Sandra Lee Kleppe, 2016-02-24 Best known as one of the great short story writers of the twentieth century Raymond Carver also published several volumes of poetry and considered himself as much a poet as a fiction writer Sandra Lee Kleppe combines comparative analysis with an in depth examination of Carver's poems making a case for the quality of Carver's poetic output and showing the central role Carver's pursuit of poetry played in his career as a writer Carver constructed his own organic literary system of autopoetics a concept connected to a paradigm shift in our understanding of the inter relatedness of biological and cultural systems This idea is seen as informing Carver's entire production and a distinguishing feature of Kleppe's book is its contextualization of Carver's poetry within the complex literary and scientific systems that influenced his development as a writer Kleppe addresses the common themes and intertextual links between Carver's poetry and short story careers situates Carver's poetry within the love poem tradition explores the connections between neurology and poetic memories and examines Carver's use of the elegy genre within the context of his terminal illness Tellingly Carver's poetry which has aroused slight interest among literary scholars is frequently taught to medical students This testimony to the interdisciplinary implications of Carver's work suggests the appropriateness of Kleppe's culminating discussion of Carver's work as a bridge between the fields of literature and medicine

story of recovery can be every bit as electrifying as the train wreck itself Leslie Jamison deftly excavates the stories we tell about addiction both her own and others and examines what we want these stories to do and what happens when they fail us All the while she offers a fascinating look at the larger history of the recovery movement and at the complicated bearing that race and class have on our understanding of who is criminal and who is ill At the heart of the book is Jamison s ongoing conversation with literary and artistic geniuses whose lives and works were shaped by alcoholism and substance dependence including John Berryman Jean Rhys Billie Holiday Raymond Carver Denis Johnson and David Foster Wallace as well as brilliant lesser known figures such as George Cain lost to obscurity but newly illuminated here Through its unvarnished relation of Jamison s own ordeals *The Recovering* also becomes a book about a different kind of dependency the way our desires can make us all as she puts it broken spigots of need It s about the particular loneliness of the human experience the craving for love that both devours us and shapes who we are For her striking language and piercing observations Jamison has been compared to such iconic writers as Joan Didion and Susan Sontag yet her utterly singular voice also offers something new With enormous empathy and wisdom Jamison has given us nothing less than the story of addiction and recovery in America writ large a definitive and revelatory account that will resonate for years to come [The Trip to Echo Spring](#) Olivia Laing, 2013-12-31 A New York Times Notable Book of 2014 A TimeMagazine Notable Book of 2014 Olivia Laing s widely acclaimed account of how writers in the grip of alcoholism created some of the greatest works of American literature In *The Trip to Echo Spring* Olivia Laing examines the link between creativity and alcohol through the work and lives of six extraordinary men F Scott Fitzgerald Ernest Hemingway Tennessee Williams John Berryman John Cheever and Raymond Carver All six of these writers were alcoholics and the subject of drinking surfaces in some of their finest work from *Cat on a Hot Tin Roof* to *A Moveable Feast* Often they did their drinking together Hemingway and Fitzgerald ricocheting through the caf s of Paris in the 1920s Carver and Cheever speeding to the liquor store in Iowa in the icy winter of 1973 Olivia Laing grew up in an alcoholic family herself One spring wanting to make sense of this ferocious entangling disease she took a journey across America that plunged her into the heart of these overlapping lives As she travels from Cheever s New York to Williams s New Orleans and from Hemingway s Key West to Carver s Port Angeles she pieces together a topographical map of alcoholism from the horrors of addiction to the miraculous possibilities of recovery Beautiful captivating and original *The Trip to Echo Spring* strips away the myth of the alcoholic writer to reveal the terrible price creativity can exert
