G. Hopkins, 2019-08-27 Compelling provocative and learned This book is a stunning and sophisticated reevaluation of the American empire Hopkins tells an old story in a truly new way American history will never be the same again Jeremi Suri author of The Impossible Presidency The Rise and Fall of America's Highest Office Office *The Discursive Construction of National Identities Through Narratives of Immigration in German and American Social Studies Textbooks* Jan M. Kotowski, 2011 *The American Lutheran*, 1928 **Ottoman Egypt and the Emergence of the Modern World** Nelly Hanna, 2014-09-01 Aiming to place Egypt clearly in the context of some of the major worldwide transformations of the three centuries from 1500 to 1800 Nelly Hanna questions the mainstream view that has identified the main sources of modern world history as the Reformation the expansion of Europe into America and Asia the formation of trading companies and scientific discoveries Recent scholarship has challenged this approach on account of its Eurocentric bias on both the theoretical and empirical levels Studies on India and southeast Asia for example reject the models of these regions as places without history as stagnant and in decline and as awakening only with the emergence of colonialism when they became the recipients of European culture and technology So far Egypt and the rest of the Ottoman world have been left out of these approaches Nelly Hanna fills this gap by showing that there were worldwide trends that touched Egypt India southeast Asia and Europe In all these areas for example there were linguistic shifts that brought the written language closer to the spoken word She also demonstrates that technology and know how far from being centered only in Europe flowed in different directions in the eighteenth century French entrepreneurs were trying to imitate the techniques of bleaching and dyeing of cloth that they found in Egypt and other Ottoman localities Based on a series of lectures given at the Middle East Center at Harvard this groundbreaking book will be of interest to all those looking for a different perspective on the history of south north relations *An Age of Progress?* Walter G. Liao,Kimie Hara,Krista Wiegand,2016-03-09 Crossing disciplinary boundaries this volume offers a rare forum for a serious analysis of the territorial dispute over the Diaoyu Senkaku Islands between China and Japan To understand the complexity of the dispute and to find peaceful solutions we must reach beyond the confines of a single discipline and perspective The volume deconstructs conflicting perspectives on the two sides of the dispute Territorial disputes often become symbolic expressions of nationalistic rivalries particularly as political claims for territories escalate and economic competition for resources between countries intensifies Cutting through the political rhetoric on both sides of the controversy and bringing together a group of eight scholars from the disciplines of history international relations law political science and sociology this book analyzes the relevant history international law multilateral relations political agendas and social and collective memory to shed light on this difficult dispute Taken together the chapters of the book propose short term medium term and long term peaceful solutions for going beyond the impasse of the current territorial dispute **When Was Latin America Modern?** N. Miller,S. Hart,2007-04-02 Stemming from an interdisciplinary convention in 2005 at the Institute for the Studies of the Americas in London this collection has a strong thematic integrity but also illustrates the dramatic variety of approaches to the question of modernity This volume fills the gaps in prior literature on Latin America s experience of modernity **Christian Register and Boston Observer...** ,1886 **Academy and Literature** Charles Edward Cutts Birch Appleton,Charles Edward Doble,James Sutherland Cotton,Charles Lewis Hind,William Teignmouth Shore,Alfred Bruce Douglas,Ellis Ashmead-Bartlett,Thomas William Hodgson Crosland,1886 **The Making of the Modern Chinese Navy** Bruce A. Elleman,2019-08-31 The Making of the Modern Chinese Navy includes 14 historical case studies that help to illuminate a number of special characteristics of the modern day Chinese navy most Chinese naval officers perhaps take for granted including a belief in the Mandate of Heaven tributary system and the fear of losing face either in a diplomatic setting or by risking valuable equipment in battle Ethnic and language differences regional loyalties and political mistrust potentially exacerbate these problems Special peculiarities include the Mongol dual officer diarchy that led to the political commissar system utilized by the People s Liberation Army Outside influences such as blockade sanctions or embargoes can exert a profound impact on China just as foreign intervention or equally important a decision not to intervene can often determine the outcome of major maritime events NP The 14 case studies discuss many of these characteristics while the Conclusion examines all case studies together and places them in a historical perspective The Making of the Modern Chinese Navy assesses which of these historical characteristics and peculiarities are still present in full force in China and which ones may no longer have as great an impact on the contemporary Chinese navy **Notes and Queries** ,1920 **The Old World, the New World, and the Creation of the Modern World, 1400-1650** Aaron M. Pastoral Cosmopolitanism in Edith Wharton's Fiction Margarida Cadima,2023-07-11 American novelist Edith Wharton 1862 1937 is best known today for her tales of the city and the experiences of patrician New Yorkers in the Gilded Age This book pushes against the grain of critical orthodoxy by prioritizing other species of spaces in Wharton s work For example how do Wharton s narratives represent the organic profusion of external nature Does the current scholarly fascination with the environmental humanities reveal previously unexamined or overlooked facets of Wharton s craft I propose that what is most striking about her narrative practice is how she utilizes adapts and translates pastoral tropes conventions and concerns to twentieth century American actualities It is no accident that Wharton portrays characters returning to or exploring various natural localities such as private gardens public parks chic mountain resorts monumental ruins or country estate follies Such encounters and adventures prompt us to imagine new relationships with various geographies and the lifeforms that can be found there The book addresses a knowledge gap in Wharton and the environmental humanities especially recent debates in ecocriticism The excavation of Wharton s words and the background of her narratives with an eye to offering an ecocritical reading of her work is what the book focuses on
