Al Jazeera And Al Jazeera English A Comparative

William Youmans

Al Jazeera And Al Jazeera English A Comparative:

Al Jazeera in the Gulf and in the World Haydar Badawi Sadig, 2019-05-15 This book examines the deeper meaning of the advent of the Al Jazeera Media Network with regard to ongoing debates on global communication ethics not only in the global public sphere but also in terms of its influence on new non Western approaches to media ethics Rather than simply calling for international perspectives on media ethic is a unique and significant addition to the literature on the topic The book investigates whether Al Jazeera s vision mission and operations are actually inspired by the New World Information Order debates over contra flow and hegemony Further the book identifies ways of developing new non Western approaches to global communication ethics as it suggests injecting more cosmopolitanism in global news reporting and commentary

Al Jazeera and the Global Media Landscape Tine Ustad Figenschou, 2013-10-15 This book analyzes how and why Al Jazeera English AJE became the channel of choice to understand the massive protests across the Arab world 2011 Aiming to explain the Al Jazeera moment it tracks the channel s bumpy road towards international recognition in a longitudinal in depth analysis of the channel s editorial profile and strategies Studying AJE from its launch in mid November 2006 to the Arab Spring it explains and problematizes the channel s ambitious editorial agenda and strategies examines the internal conflicts practical challenges and minor breakthroughs in its formative years The Al Jazeera phenomenon has received massive attention but it remains under researched The growth of transnational satellite television has transformed the global media landscape into a complex web of multi vocal multimedia and multi directional flows Based on a combination of policy production and content analysis of comprehensive empirical data the book offers an innovative perspective on the theorization of global news contra flows By problematizing the distinctive characteristics of AJE it examines the strategic motivation behind the channel and the ways in which its production processes and news profile are meant to be different from its Anglo American competitors These questions underscore a central nexus of the book the changing relationship between transnational satellite news and power

Al-Jazeera's "Double Standards" in the Arab Spring Zainab Abdul-Nabi, 2022-12-14 This book finds that Al Jazeera s coverage of Bahrain and Syria has conformed with Qatar s foreign policy throughout the last decade 2011 2021 Al Jazeera Arabic adopted Qatar s double standards policy in both countries in the beginning of the Arab Spring framing Bahrain s protests as a sectarian movement while depicting the Syrian armed conflict as a legitimate revolution 2011 2013 The book observes that when ties between Qatar and Bahrain worsened during the 2017 Gulf crisis Al Jazeera Arabic has shifted its coverage from being pro Bahraini regime to pro protesters focusing on violations and giving voice to activists 2014 2021 The book concludes that the lack of Peace Journalism framing in Al Jazeera s coverage of Bahrain s uprising and Syria s chemical weapons attacks has represented claims as facts and justified military action against Syria It also reveals distinctive differences between Al Jazeera Arabic and English with the former lacking objective reporting standards and using more sectarian language than the latter

Global Media Coverage of the

Palestinian-Israeli Conflict Nouredine Miladi, 2023-07-13 The attempts to evict Palestinian residents of Sheikh Jarrah in May 2021 caught the attention of the world While this small Palestinian neighbourhood in East Jerusalem had long been central to the Israel Palestinian conflict the planned expulsions pushed the situation back into the spotlight This book discusses the complexity of the media war that took place at the same time Across 20 chapters it compares Israeli Western Palestinian and Arab media to understand how different narratives were discussed supported and challenged In particular the book captures how social media became a site of online activism and alternative war narratives The volume is unique in focusing on a specific event from many different perspectives and with material from different countries and media platforms Case studies include the Spanish press the African press the BBC Al Jazeera English TRT World Television and digital media such as TikTok and Facebook as well as the impact of social media activism In doing so the book also comments on the extent that citizen journalists challenge the propaganda war

An Unlikely Audience William Youmans, 2017-05-17 In 2006 the Al Jazeera Media Network sought to penetrate the United States media sphere the world's most influential national market for English language news These unyielding ambitions surprised those who knew the network as the Arab media service President Bush lambasted as hateful propaganda in his 2004 State of the Union address The world watched skeptically yet curiously as Al Jazeera labored to establish a presence in the famously insular American market The network's decade long struggle included both fleeting successes like the sudden surge of popular interest during the Arab spring as well as momentous failures The April 2016 closure of its 2 billion Al Jazeera America channel was just one of a series of setbacks An Unlikely Audience investigates the inner workings of a complex news organization fighting to overcome deep obstacles foster strategic alliances and build its identity in a country notoriously disinterested in international news William Youmans argues counter intuitively that making sense of Al Jazeera's tortured push into the United States as a national news market actually requires a local lens He reveals the network's appeal to American audiences by presenting its three independent US facing subsidiaries in their primary locales of production Al Jazeera English AJE in Washington DC Al Jazeera America AJAM in New York and AJ in San Francisco These cities are centers of vital industries media politics commercial TV news and technology respectively As Youmans shows the success of the outlets hinged on the locations in which they operated because Al Jazeera assimilated aspects of their core industries An Unlikely Audience proves that place is critical to the formation and evolution of multi national media organizations despite the rise of communication technologies that many believe make location less relevant Mining data from over 50 interviews since 2010 internal documents and original surveys the book offers a brisk and authoritative account of the world's most recognizable media brand and its decade long ingress into the US crucial background for Al Jazeera's continued expansion in the United States

Reporting at the Southern Borders Giovanna Dell'Orto, Vicki L. Birchfield, 2013-10-15 Undocumented immigration across the Mediterranean and the US Mexican border is one of the most contested transatlantic public and political issues raising fundamental questions about national identity

security and multiculturalism all in the glare of news media themselves undergoing dramatic transformations This interdisciplinary international volume fills a major gap in political science and communication literature on the role of news media in public debates over immigration by providing unique insider s perspectives on journalistic practices and bringing them into dialogue with scholars and immigrant rights practitioners After providing original comparative research by established and emerging international affairs and media scholars as well as grounded reflections by UN and IOM practitioners the book presents candid in depth assessments by nine leading European and North American journalists covering immigration from the frontlines ranging from the Guardian s Southern Europe editor to the immigration reporter for the Arizona Republic Their comparative reflections on the professional institutional and technological constraints shaping news stories offer unprecedented insight into the challenges and opportunities for 21st century journalism to affect public discourse and policymaking about issues critical to the future of the transatlantic space making the book relevant across a wide range of scholarship on the media s impact on public affairs

Media Globalization and Digital Journalism in Malaysia Amira Firdaus, 2017-08-15 The media ecology within which conventional mainstream journalism currently operates has undergone major transformations since the advent of social media These transformations arise from the disruption brought upon by the emergence of networked interactive platforms and user driven online applications including social media blogs and alternative citizen news sites This book analyses networked forms of journalistic production at traditional news organizations and their conventional news channels Focusing on case studies from Malaysia it examines current transformations to the norms practices and values of conventional news production Drawing upon a recent global comparative turn in journalism studies and parallel efforts to de Westernize communication theory this book suggests an innovative glocal comparative approach to analyse network newswork among global transnational and local news organizations including Al Jazeera and Bernama TV located within the same geographical locality Kuala Lumpur Malaysia This author uses an empirically grounded conceptual framework for exploring and understanding recent transformations that user driven networked resources bring to professional journalists daily work of producing news Discussing the implications of network newswork on the wider global journalistic sphere the book elucidates a tiered model of networked sources and expounds upon journalism s deepening of the digital divide in its inadvertent muting of the voices of non networked communities that are switched off from the global news sphere and its network society A fresh perspective on the analysis of globalization in the media and a useful guide for gaining access into media organizations and securing cooperation of organizational members for research this book will be of interest to researchers in the field of Asian Media and Communication Studies Journalism Studies Political Communication and Sociology of Journalism

New Media, Old Regimes Lyombe Eko, 2012-01-01 *New Media Old Regimes* Case Studies in Comparative Communication Law and Policy by Lyombe S Eko is a collection of novel theoretical perspectives and case studies which illustrate how different communication

law regimes conceptualize and apply universal ideals of human rights and freedom of expression to media controversies in real space and cyberspace Eko's investigation includes such controversial communication policy topics as North African regimes failed use of telecommunications to suppress the social change of the Arab Spring the Mohammad cartoon controversy in Denmark and France French and American policy of development and diffusion of the Minitel and the Internet American and Russian regulation of internet surveillance the problem of managing pedopornography in cyberspace and real space and other current communication policy cases This study will aid readers not only to understand different national and cultural perspectives of thorny communication issues but also show that though freedom of expression is a pluralistic concept the actions of all political regimes at the national transnational and international levels must be held up to the universal standards of freedom of expression set forth in the Universal Declaration of Human Rights New Media Old Regimes provides essential scholarship on comparative communication law and policy in a world of new media

Reporting Political Islam and Democracy Mohammed-Ali Abunajela, Nael Jebril, 2020-05-14 For over a decade Al Jazeera Arabic occupied an unprecedented position among Arab audiences and families Its attractive and daring news coverage has inspired millions of Arabs and led other news channels to follow suit by changing their reporting narrative and presentational style However in the aftermath of the Arab uprisings in 2011 the close adoption of the Arab uprisings in general and the Egyptian one in particular made the channel fall into the eye of the public storm through its extensive 24 hour coverage This book assesses whether the channel systematically provided a platform for certain ideologies or ignored others and if and how Al Jazeera's language had shifted after the 2011 Arab uprisings It also explores the rationale behind adopting particular editorial principles featured in the analyses and scrutinises the findings within the framework of media religion and democratisation

Political Islam and Global Media Noha Mellor, Khalil Rinnawi, 2016-06-10 The development of new and social networking sites as well as the growth of transnational Arab television has triggered a debate about the rise in transnational political and religious identification as individuals and groups negotiate this new triad of media religion and culture This book examines the implications of new media on the rise of political Islam and on Islamic religious identity in the Arab Middle East and North Africa as well as among Muslim Arab Diasporas Undoubtedly the process of globalization especially in the field of media and ICTs challenges the cultural and religious systems particularly in terms of identity formation Across the world Arab Muslims have embraced new media not only as a source of information but also as a source of guidance and fatwas thereby transforming Muslim practices and rituals This volume brings together chapters from a range of specialists working in the field presenting a variety of case studies on new media identity formation and political Islam in Muslim communities both within and beyond the MENA region Offering new insight into the influence of media exposure on national political and cultural boundaries of the Islamic identity this book is a valuable resource for students and scholars of Middle Eastern politics specifically political Islam and political communication

Al Jazeera English P. Seib, 2016-04-30 Although Al

Jazeera English has yet to receive the attention accorded to its Arabic language elder sibling it is in many ways the more interesting of the two It seeks to redefine global news coverage by focusing on areas that are traditionally neglected by most news organizations and its potential audience is many times larger than that of the Arabic channel This will be the first book to thoroughly examine this channel's coverage methods effects on its audience and its place in the world of mediated geopolitics Al Jazeera recognized that if it was to expand its worldwide influence it could not do so wholly in Arabic And so in 2006 it launched Al Jazeera English the first English language news channel to be headquartered in the Middle East With its principal broadcast centers in Doha Washington London and Kuala Lumpur the channel faced the task of proving itself to be more than a curiosity and just a junior version of the all news English language channels such as the BBC or CNN After several years of operation Al Jazeera English seems well on its way to defining its place in the market The breadth of its coverage particularly its emphasis on reporting from the global South has distinguished it from many of its competitors Thorough coverage from the Middle East and from Africa provides a perspective that other major satellite channels have rarely offered their audiences Initially Al Jazeera English was available to 80 million cable and satellite households It was however accessible by only a small number of viewers in the United States mainly those accessing it through several online providers primarily because of political reasons Whatever the political back story may be gaining access to a larger global market will depend on audience demand If Al Jazeera English does a better job of covering major stories particularly in the Middle East and the global South than other channels do and if its competitors find themselves saying As Al Jazeera English reported today news consumers will eventually demand access This book will examine these political issues and will also analyze the channel's audience base particularly in Africa and South Asia The book will also offer evaluations of Al Jazeera English's defining moments to date its reporting during the 2008 2009 war in Gaza written by Palestinian and Israeli scholars and its coverage of the Ground Zero Mosque controversy in 2010 The volume will also consider Al Jazeera English in the context of public diplomacy and the growing significance of diasporic populations

Ethnic Literatures and Transnationalism Aparajita Nanda, 2014-11-13 As new comparative perspectives on race and ethnicity open up scholars are identifying and exploring fresh topics and questions in an effort to reconceptualize ethnic studies and draw attention to nation based approaches that may have previously been ignored This volume by recognizing the complexity of cultural production in both its diasporic and national contexts seeks a nuanced critical approach in order to look ahead to the future of transnational literary studies The majority of the chapters written by literary and ethnic studies scholars analyze ethnic literatures of the United States which given the nation's history of slavery and immigration form an integral part of mainstream American literature today While the primary focus is literary the chapters analyze their specific topics from perspectives drawn from several disciplines including cultural studies and history This book is an exciting and insightful resource for scholars with interests in transnationalism American literature and ethnic studies

The New Pan-Africanism Michael Amoah, 2019-01-31 Nationalism and the nation state globalization and Pan Africanism are leading international relations concepts which have a particular relevance for Africa as an emerging economic power This book examines the concept of nationalism the nationalist mind set or psychology of nationalism and the role of the nation state in an era of globalism and globalization The new Pan Africanism is a growing force spurred by economic growth and Africa s rising global significance and recent years have seen the establishment of the African Continental Free Trade Area Michael Amoah here investigates concepts of nationalism and the nation state through case studies of eight countries and discusses the impact of globalism in African states where Pan Africanism is an increasingly significant factor in both domestic politics and international relations

Russia, Disinformation, and the Liberal Order Stephen Hutchings, Vera Tolz, Precious Chatterje-Doody, Rhys Crilley, Marie Gillespie, 2024-10-15 Through the prism of the first comprehensive account of RT the Kremlin s primary tool of foreign propaganda Russia Disinformation and the Liberal Order sheds new light on the provenance and nature of disinformation s threat to democracy Interrogating the

communications strategies pursued by authoritarian states and grassroots populist movements the book reveals the interlinked nature of today's global media politics pathologies Stephen Hutchings Vera Tolz Precious Chatterje Doody Rhys Crilley and Marie Gillespie provide a systematic investigation into RT's history institutional culture and journalistic ethos its activities across multiple languages and media platforms its audience targeting strategies and audiences engagements with it and its response to the war in Ukraine and associated bans on the network The authors analysis challenges commonplace notions of disinformation as something that Russia brings to the West where passive publics are duped by the Kremlin's communications machine and reveals the reciprocal processes through which Russia and disinformation infiltrate and challenge the liberal order Russia Disinformation and the Liberal Order provides provocative insights into the nature and extent of the challenge that Russia's propaganda operation poses to the West The authors contend that the challenge will be met only if liberals reflect on liberalism's own internal tensions and blind spots and defend the values of open minded impartiality

Al-Jazeera and US War Coverage Tal Samuel-Azran, 2010 Ever since its launch over a decade ago Al Jazeera has influenced broadcast journalism globally and transformed the Arab television news sphere Its coverage of wars and conflicts in the region has earned the pan Arabic news network many admirers and a few powerful adversaries as Tal Samuel Azran's book ably demonstrates This is an empirically strong contribution to the literature on the politics of global news Daya Thussu Professor of International Communication University of Westminster London Book Jacket

Chinese Media in Africa Emeka Umejei, 2020-07-23 Chinese Media in Africa Perception Performance and Paradox analyzes the debate on Chinese media expansion in Africa and its implication for the African media landscape by engaging with African journalists who train and work in Chinese media organizations based in Africa Emeka Umejei analyzes how African journalists that enter the sphere of Chinese media often with libertarian notions of journalism are able to navigate the collisions and collusions that inform journalism in these settings Through extensive interviews with African journalists Umejei explores the constant negotiation of freedoms including the ability to always work in relation to African reality within state controlled media organizations These interviews bring to light the paradoxical nature of Chinese media organizations that both preach equality with Africa and simultaneously promote Chinese hegemony in the media highlighting the diverse contours that shape and influence journalism practices in these settings Scholars of journalism media studies African studies international relations and sociology will find this book particularly useful

Media and Translation Dror Abend-David, 2014-07-31 Over the last decade there has been a dramatic increase in publications on media and translation In fact there are those who believe that so much has been published in this field that any further publications are superfluous But if one views media and translation as anything ranging from film and television drama to news casting commercials video games web pages and electronic street signs it would seem that research in media and translation has barely scratched the surface The research in this field is shared largely by scholars in communication and translation studies often without knowledge of each other or access to

their respective methods of scholarship This collection will rectify this lack of communication by bringing such scholars together and creating a context for a theoretical discussion of the entire emerging field of Media and Translation with a preference for theoretical work rather than case studies on translation and communications of various forms and through various media
