## **American Constitutional Law Powers And Liberties Fourth Edition Aspen Casebook Series:**

American Constitutional Law Calvin R. Massey, 2013 Considerably shorter than most casebooks for the course American Constitutional Law Powers and Liberties is an effective teaching resource providing the basics of constitutional theory without getting mired in pure theory Professors have ample opportunity to shape the discussion and develop issues in their own way Cases are well selected and tightly edited making them easy to grasp and allowing the Court's voice to be heard without overwhelming the reader All the topics in an introductory survey course are covered with minimal reliance on secondary sources omitting extensive treatment of academic commentary Well written hypotheticals challenge student thinking during class preparation and provide a platform for class discussion The author condenses some portions of constitutional law into narrative summaries and follows a sensible organization an issue is introduced at the beginning of each part chapter and section followed by relevant materials and a tentative resolution of the problem American Constitutional Law Powers and Liberties can be used for a 4 unit single semester survey or a two semester Con Law I and II course The Fourth Edition sees a reduction in page length by selective removal of cases and sharp editing and the material on commerce power and free speech has been reorganized New Principal cases include *United States v Comstock* *McDonald v City of Chicago* *Snyder v Phelps* *United States v Stevens* *Brown v Entertainment Merchants Ass'n* and *Citizens United v Federal Election Commission* Major 2012 cases are introduced as new Principal or Note cases The Health Care Cases *United States v Alvarez* *FCC v Fox* and *Arizona v United States* Other new Note cases featured are *Wyeth v Levine* *Arizona Christian School Tuition Organization v Winn* *Chamber of Commerce v Whiting* *Free Enterprise Fund v Public Company Accounting Oversight Board* *Holder v Humanitarian Law Project* *Sorrell v IMS Health* *Christian Legal Society v Martinez* *Pleasant Grove v Summum* *Ysursa v Pocatello Education Ass'n* *Doe v Reed* *Caperton v A T Massey Coal Co* *Northwest Austin Municipal Utility District No 1 v Holder* *Arizona Free Enterprise Club's Freedom Club PAC v Bennett* and *Hosanna Tabor Church v EEOC*

Rights The Takings and Contracts Clauses Chapter 8 Equal Protection Chapter 9 Free Expression of Ideas no Chapter 10 Chapter 11 State Action and the Power to Enforce Constitutional Rights      Constitutional Law Randy E. Barnett, 2008 This innovative casebook breaks course content up into teachable class sized chunks and replaces the typical dense note material found in other casebooks with more of the classic cases presented at greater length with background readings from varied sources Emphasizing the evolution of constitutional law from the Founding to today Constitutional Law Cases in Context employs a transparent and straightforward organization that is not only easy for students to grasp but easy for professors to tailor and rearrange to suit various teaching preferences This unique casebook is designed to be user friendly for teacher and student alike primary emphasis is placed on how Constitutional Law has developed rather than on doctrinal details providing an accessible and engaging way to consider first principles and method especially for those students without a basic familiarity with constitutional history to convey the context in which they were decided The landmark classic cases that provide the basic vocabulary of Constitutional Law are presented chronologically rather than doctrine by doctrine to encourage students on their own to discern and begin to internalize the significance of each key court decision presenting an overall constitutional narrative is more efficient and less confusing than separately tracing the history of each doctrine while allowing ample time to cover contemporary issues both classic and modern cases are generously edited to allow the Justices themselves rather than the casebook editor To debate the development of constitutional law in their own words cases especially the early ones are judiciously supplemented with other materials to provide further context that draws students into the subject Rival interpretations of the Constitution by founders Presidents and other critics of the Court s decisions are better represented here than in many other casebooks Study Guide Questions before each case help students focus attention on salient issues at 1 408 pages with textual introductions that are brief and factual and with fewer dense note materials this casebook is more transparent for professor and student alike Complementing the casebook an annual supplement For The casebook Recent Developments in Constitutional Law will replace cases that occur later in the materials leaving the early parts of the course more stable from year to year and from future edition to edition an in depth Teacher s Manual explaining how to use the book in various common course configurations This novel but remarkably comfortable casebook offers an accessible and engaging way to teach and learn Constitutional Law If you are looking for a shorter Constitutional Law casebook with fewer dense notes be sure to examine Constitutional Law Cases in Context before you teach your next course
