Nation's Historical Sense and Ecclesiality for Life Junes Almodiel, 2011-07-13 The Book is about the history of struggle for respect of human dignity and freedom against man made darkness in which I F I is one expression This book aims to make people see that nation's human struggle is one venue to see the human design that by it man is one manifestation of the great Designer Creator The hope through it is that human history should be respected and sanctity be preserved and not be altered by propaganda and lies instead record of actuality and of truth in which by honesty liberates the oppressed and the oppressor Then we can affirm the truths of Jesus for life With all sects of prosperity self and of claims today Christianity seems reduced into selective Bibleism conversation in the table between pro imperialist and nationalistic heavenward and earthward is needed to make sense of Christianity here and now Jesus said Love the Lord your God with all your heart mind spirit and strength man's total being

cannot pretend to be spirit only cannot dictate God to be for spirit and heaven only Historical sense shaped ecclesiality for the whole global community of all race *The Politics of Big Fantasy* John C. McDowell, 2014-06-04 Bringing critical attention to a particular set of science fiction and fantasy films Larry and Andy Wachowski s *The Matrix* George Lucas Star Wars saga and Joss Whedon s *Avengers* this book utilizes a wide ranging set of critical tools to illuminate their political ideologies while also examining any resistant and complicating turns or byways the films may provide What they all have in common ideologically is that they or at least the genres they belong to tend to be regarded as belonging to politically conservative frames of sociocultural reference With the Star Wars saga however this idea is shown to be superficial and weak
