What was the Age of Exploration and how did Europeans treat the natives?

What new ideas about government were being proposed by the Enlightenment philosophers?

Enlightenment philosophers believed that there should be a system built of three branches that had a system of checks and balances. They believed that this would cause no branch to get more out of power than the next and it would keep them all in harmony.

Group C

- Explain one reason why the British should have won, and one reason why the colonists should have won the Revolutionary War?

-Explain one reason why the British should have won, and one reason why the colonists should have won the Revolutionary War?

During the revolutionary war, neither side had a clear advantage. I believe that the british should have won because of their strong army and the way they were so organized with everything but the colonists did have the advantage of help from the french and really strong tactics.
