

Framework components

Input: Staff, raw materials, capital. (eg vaccine and vaccination consumables)	Process: The methods by which inputs are used. (eg delivery logistics)	Output: Results delivered directly by DFID or our agents. (eg children vaccinated)	Outcome: We exercise less direct control over outcomes than outputs. (eg children less susceptible to major childhood diseases)	Impact: Long-term transformative change. (eg poverty reduced)
---	---	---	--	--

The four Es and cost effectiveness

Economy: Are we (or our agents) buying inputs of the appropriate quality at the right price?	Efficiency: How well are we (or our agents) converting inputs into outputs? ('Spending well')	Effectiveness: How well are the outputs from an intervention achieving the intended effect? ('Spending wisely')	Equity: How fairly are the benefits distributed? To what extent will we reach marginalised groups? ('Spending fairly')	Cost effectiveness: What is the intervention's ultimate impact on poverty reduction, relative to the inputs that we (or our agents) invest in it?

Dfids Results Framework Managing And Reporting Dfid:

DFID's RESULTS FRAMEWORK, 2014 **Department for International Development annual report and resource accounts 2010-11 and business plan 2011-15** Great Britain: Parliament: House of Commons: International Development Committee, 2012-03-09 While DFID's total budget is increasing the Department will both restrict operating costs to 2% by 2014/15 and reduce its administrative costs by a third in real terms from 128 million in 2010/11 to 94 million by 2014/15 This report warns that capping operational costs and staff numbers may not reduce overall costs or improve effective delivery of development assistance The International Development Committee also raises concerns that cost pressures are driving DFID to use consultants to deliver its programmes rather than in-house expertise The Department spends 450 million on technical cooperation per year Much of this is good work yet it was unclear exactly what this money was spent on or how effective it was and the extent to which external providers were used DFID needs to improve its assessment of which projects and services it should use consultants for and assess more carefully the use of consultants to manage the Department's own delivery programmes In its efforts to reduce administrative spending DFID might be exporting these costs to other organisations including NGOs and multilateral aid organisations with higher real administration costs The Department should assess the best and most effective way to deliver development assistance as it may be able to do it more cheaply and effectively than external organisations The report recommends that the Department improve its tracking of and reporting on the total cost of administering its aid programme with the aim of quantifying how much aid actually ends up reaching recipients OECD Development Co-operation Peer Reviews: United Kingdom 2014 OECD, 2014-12-17 This peer review of United Kingdom reviews its development policies and programmes It assesses not just the performance of its development co-operation agency but also policy and implementation Assessing the Impact of Foreign Aid Viktor Jakupec, Max Kelly, 2015-11-10 Assessing the Impact of Foreign Aid Value for Money and Aid for Trade provides updated information on how to improve foreign aid programs exploring the concept and practice of impact assessment within the sometimes unproblematic approaches advocated in current literature of value for money and aid for trade Contributors from multilateral agencies and NGOs discuss the changing patterns of Official Development Assistance and their effects on impact assessment providing theoretical political structural methodological and practical frameworks discussions and a theory practice nexus With twin foci of economics and policy this book raises the potential for making sophisticated and coherent decisions on aid allocation to developing countries Addresses the impact of aid for trade and value for money rather than its implementation Discusses the changing patterns of Official Development Assistance and their effects on impact assessment providing theoretical political structural methodological and practical frameworks discussions and a theory practice nexus Assesses the effects and implications of the value for money and aid for trade agendas Highlights economic issues

Evaluation Systems in Development Co-operation 2016 Review OECD, 2016-09-30 Evaluation is widely recognised

as an important component for learning and improving development effectiveness Evaluation responds to public and taxpayer demands for credible information and independent assessment of development co operation activities **OECD**

Development Co-operation Peer Reviews: United Kingdom 2020 OECD,2020-11-12 The OECD s Development Assistance Committee DAC conducts reviews of the individual development co operation efforts of DAC members once every five to six years DAC peer reviews critically examine the overall performance of a given member not just that of its development co operation agency covering its policy programmes and systems They take an integrated system wide perspective on the development co operation activities of the member under review and its approach to fragility crisis and humanitarian assistance The United Kingdom uses its global standing and convening power to promote an evidence based approach to stability inclusion and prosperity and continues to provide 0.7% of its national income as Official Development Assistance ODA The depth and breadth of its expertise combined with flexible funding instruments and strong country presence allow the United Kingdom to focus these ODA resources on developing country needs while protecting its own longer term national interests Articulating a clear and comprehensive whole of government vision for its support to international development would allow the United Kingdom to reinforce its policy priorities and engage the public Further measures to build effective partnerships and institutional capacity in developing countries would allow the United Kingdom to build ownership of development processes and contribute to lasting change **Brexit and the Commonwealth** Peter Clegg,2018-12-07 The decision of the UK to Leave the European Union EU was unexpected and as a consequence the precise details of what would come next were left very unclear and still today there is little certainty or agreement over what Brexit will actually mean It is within this context that this edited volume has been produced The Commonwealth featured quite heavily in the referendum campaign particularly on the Leave side claiming that a vote for Brexit would allow the UK to re new and extend links with the countries of the Commonwealth However critics highlighted the potential limitations of a new bilateral link and that in many instances the UK s role is strengthened by its membership of the EU The tension between aspiration and likely reality is a key theme of the volume Another is how the decision of the UK may have consequences across the Commonwealth in terms of both domestic policy and regional cooperation In short the volume shines a detailed light on the historical and contemporary nature of relations between the UK and the Commonwealth Linked to this and possibly of greatest utility is the consideration of how policy should be formulated to best strengthen the relationship in the future This book originally appeared as a special issue of *The Round Table* *The DAC Journal* ,2003 **Better Aid Managing Aid Practices of DAC Member Countries** OECD,2009-06-10 This book outlines what individual donor countries are doing to fulfill their development co operation ambitions and their part of international agreements **OECD Journal on Development** ,2009 **The Parliamentary Debates (Hansard)**.
