Queer Art Camp Superstar Ricardo E. Zulueta, 2018-03-01 Hailed as the most consequential artist to have emerged since the nineteen eighties American artist and filmmaker Ryan Trecartin has received numerous accolades for his kaleidoscopic multilayered movies and multimedia installations However there exists to date no comprehensive study of this prolific artist's work Queer Art Camp Superstar compensates for this absence of sustained critical analysis of Trecartin's work by looking closely at a selection of his most significant movies in order to discern the artist's artistic genealogy evolving aesthetics radical approach to digital and Internet culture and impact on contemporary art film and media Examining Trecartin's substantial body of work spanning from his early pre YouTube era series Early Baggage 2001 2003 to Temple Time 2016 Ricardo E Zulueta adheres to a faithful chronological order thus inviting readers to witness the ways thematic and formal concerns have evolved from Trecartin's earliest movies to his more recent multimedia cinematic installations Through precisely chosen screen captures extracted directly from the movies Zulueta demonstrates the serious attention paid to camera angles mise en scene and shot transitions

thus revealing and reflecting on the concepts that underwrite and are underwritten in these narratives Giving careful attention to Trecartin s network of layered references to the grotesque and abject carnivalesque and ludic and camp imagery Zulueta illustrates and explains how the artist takes on reality television technology fashion consumption and cyberspace
