Direct and Indirect Speech Florian Coulmas, 1986 **TRENDS IN LINGUISTICS** is a series of books that open new perspectives in our understanding of language The series publishes state of the art work on core areas of linguistics across theoretical frameworks as well as studies that provide new insights by approaching language from an interdisciplinary

perspective TRENDS IN LINGUISTICS considers itself a forum for cutting edge research based on solid empirical data on language in its various manifestations including sign languages It regards linguistic variation in its synchronic and diachronic dimensions as well as in its social contexts as important sources of insight for a better understanding of the design of linguistic systems and the ecology and evolution of language TRENDS IN LINGUISTICS publishes monographs and outstanding dissertations as well as edited volumes which provide the opportunity to address controversial topics from different empirical and theoretical viewpoints High quality standards are ensured through anonymous reviewing

Psycholinguistic Approaches to Meaning and Understanding across Languages Barbara Hemforth, Barbara Mertins, Cathrine Fabricius-Hansen, 2014-07-01 Reports on joint work by researchers from different theoretical and linguistic backgrounds offer new insights on the interaction of linguistic code and context in language production and comprehension This volume takes a genuinely cross linguistic approach integrating theoretically well founded contrastive descriptions with thorough empirical investigations Authors answer questions on the topic of how we encode complex thoughts into linguistic signals and how we interpret such signals in appropriate ways Chapters combine on and off line empirical methods varying from large scale corpus analyses over acceptability judgements sentence completion studies and reading time experiments The authors shed new light on the central questions related to our everyday use of language especially the problem of how we construe meaning in and through language in general as well as through the means provided by particular languages
