the fantastic city **The Humanity of Christ** Paul Dafydd Jones,2008-11-01 A novel interpretation of Barth's mature Christology that draws on the best English and German language scholarship to date **Infrastructures of Apocalypse** Jessica Hurley,2020-10-13 A new approach to the vast nuclear infrastructure and the apocalypses it produces focusing on Black queer Indigenous and Asian American literatures Since 1945 America has spent more resources on nuclear technology than any other national project Although it requires a massive infrastructure that touches society on myriad levels nuclear technology has typically been discussed in a limited top down fashion that clusters around powerful men In *Infrastructures of Apocalypse* Jessica Hurley turns this conventional wisdom on its head offering a new approach that focuses on neglected authors and Black queer Indigenous and Asian American perspectives Exchanging the usual white male nuclear canon for authors that include James Baldwin Leslie Marmon Silko and Ruth Ozeki *Infrastructures of Apocalypse* delivers a fresh literary history of post 1945 America that focuses on apocalypse from below Here Hurley critiques the racialized urban spaces of civil defense and reads nuclear waste as a colonial weapon Uniting these diverse lines of inquiry is Hurley's belief that apocalyptic thinking is not the opposite of engagement but rather a productive way of imagining radically new forms of engagement *Infrastructures of Apocalypse* offers futurelessness as a place from which we can construct a livable world It fills a blind spot in scholarship on American literature of the nuclear age while also offering provocative surprising new readings of such well known works as *Atlas Shrugged* *Infinite Jest* and *Angels in America* *Infrastructures of Apocalypse* is a revelation for readers interested in nuclear issues decolonial literature speculative fiction and American studies *Zeitschrift für Anglistik und Amerikanistik. A Quarterly of Language, Literature and Culture. Band 55.4 (2007)* , *The Cambridge Companion to American Science Fiction* Eric Carl Link,Gerry Canavan,2015-01-26 This Companion explores the relationship between the ideas and themes of American science fiction and their roots in the American cultural experience **Feast of Excess** George Cotkin,2016 *Feast of Excess* is an engaging and accessible portrait of The New Sensibility as it was named by Susan Sontag in 1965 The New Sensibility sought to push culture in extreme directions either towards stark minimalism or gaudy maximalism Through vignette profiles of prominent figures John Cage Patricia Highsmith Allen Ginsberg Andy Warhol Anne Sexton John Coltrane Bob Dylan Erica Jong and Thomas Pynchon to name a few George Cotkin presents their bold headline grabbing performances and places them within the historical moment [All Access](#) Stefan Bucher,2006-02-01 *All Access* takes a before they were stars look at twenty five giants in the graphic design industry by juxtaposing an edited selection of the stars greatest hits with their pre fame work Author Stefan Bucher showcases their visual history the first pieces that made them stars their transitional work and the eventual breakthrough pieces that caused their names to be known around the world Insightful text exploring mentors education and eureka moments complement this visual timeline illustrating the journey from struggling novice to master designer In addition to the twenty five giants Bucher also profiles twenty of the most exciting upcoming design stars from around the globe As with the masters Bucher explores their road to

early success and showcases the work that is currently lifting these young designers into the spotlight These are their early days yet the work they are producing is groundbreaking and inspiring

Dark Horizons Tom Moylan, Raffaella Baccolini, 2013-12-02 First published in 2003 With essays by an international and interdisciplinary group of scholars *Dark Horizons* focuses on the development of critical dystopia in science fiction at the end of the twentieth century In these narratives of places more terrible than even the reality produced by the neo conservative backlash of the 1980s and the neoliberal hegemony of the 1990s utopian horizons stubbornly anticipate a different and more just world The top notch team of contributors explores this development in a variety of ways by looking at questions of form politics the politics of form and the form of politics In a broader context the essays connect their textual and theoretical analyses with historical developments such as September 11th the rise and downturn of the global economy and the growth of anti capitalist movements

A History of the African American Novel Valerie Babb, 2017-07-31 A History of the African American Novel offers an in depth overview of the development of the novel and its major genres In the first part of this book Valerie Babb examines the evolution of the novel from the 1850s to the present showing how the concept of black identity has transformed along with the art form The second part of this History explores the prominent genres of African American novels such as neoslave narratives detective fiction and speculative fiction and considers how each one reflects changing understandings of blackness This book builds on other literary histories by including early black print culture African American graphic novels pulp fiction and the history of adaptation of black novels to film By placing novels in conversation with other documents early black newspapers and magazines film and authorial correspondence A History of the African American Novel brings many voices to the table to broaden interpretations of the novel s development

Speculative Epistemologies John Rieder, 2021-09-15 *Speculative Epistemologies* is about truth effects in sf which stands for both science fiction and speculative fiction It examines six narratives one from each decade from the 1960s to the 2010s that challenge dominant assumptions about the normal the possible and the real It asks what the patterns of overlap and interference generated by texts located in border territories that make their identification as sf problematic and sometimes controversial can reveal about the dynamics of sf s multiple subcultures e g professionals academics and fans the complexity of the genre s communities of practice and their routes of production distribution and reception and the genre s shifting position within a broadly conceived field of literary and cultural production The speculative epistemologies in these stories are counter hegemonic ways of knowing ways of imagining knowing differently and the focus of this study is their effect on the formation of identities and communities Combining the methods of genre theory reception theory and the sociology of cultural production the readings of these six narratives trace a history of sf s increasingly feminist racially and ethnically diverse philosophically ambitious and politically engaged character from the 1960s to the present
